

# SCAVENGER HUNT

Tyler Arboretum gnomes, Wister, Cedric, Hoopes and Minshall have picked out their favorite spots to see spring bloom into life.

**Can you find them and the items in the surrounding area?**

"Among the *lilacs* awakening from slumber  
You'll find me near a *bench* made of lumber  
Nature's cycles have me reflecting  
As I am observing and data collecting."  
-Wister the Gnome

"All around there is history to see  
I'm at a *fruit vault* from the 1850s!!  
Tucked away by a door in the *hillside*  
I am watching the flowers open wide."

"Over at *Wister's* garden spring is oh so sweet,  
There are blooms above my head and birds singing  
*tweet-tweet!*  
I'm slowing down to smell all the flowers,  
Come stay a while where the *rhododendrons* tower."  
-Cedric the Gnome

"Where a *maze* will stand in summer and fall,  
A sea of yellow now blooms for all.  
Find cardinal directions marked on 4 large stones  
I am in the *north* standing alone."  
-Hoopes the Gnome
